

What Is NEA Complimentary Life Insurance?

NEA Complimentary Life Insurance (formerly known as DUES Tab) is a life insurance benefit that is available to all NEA members for no additional cost. As a member, all you must do is fill out an application or call a toll-free number and verify your name, social security number, and list a beneficiary. You will then be eligible for the following levels of coverage:

Level One: A basic life insurance benefit what is equal to the NEA dues you have paid since 1981-82 (or any year thereafter), provided your membership has been continuous. If you drop your membership for any reason, the accumulated coverage starts over from the year you rejoin. This benefit increases each year until you reach the maximum level of \$1,000.*

Level Two: All eligible members will also receive no-cost accidental death or dismemberment insurance equal to five times their life insurance benefit until it reaches a maximum level of \$5,000.*

Level Three: In addition, if an accidental death or dismemberment were to occur while you were on the job or serving as an association leader, a special \$50,000 insurance benefit would be paid.*

Level Four: In the event a covered member is the victim of an unlawful homicide while on the job, Complimentary Life will pay up to \$150,000.*

Ask your Association Representative (AR) for an application **or call 1-800-637-4636 for enrollment.** You may also call to verify your enrollment.

*** Please note. NEA must have the name and relationship of your beneficiary for this coverage to be activated.**
